New Presentations from E-Waste Project now available

25th of May 2010 by Daniel Bleher

1. Our team members working for the E-Waste Project in Africa provide new presentations for this urgent issue:

* Informal e-waste recycling in Ghana: a socioeconomic assessment and feasibility study on international recycling cooperation for sustainable resource efficiency

<http://www.resourcefever.org/publications/presentations/Informal%20E-Waste%20Recycling%20Ghana-Geneva-18052010.pdf>

* Introduction to the study on the feasibility of international e-waste recycling co-operations between Ghana and Europe

http://www.resourcefever.org/publications/presentations/Feasibility%20Study-Ghana-Europe_Stakeholder%20Meeting_ACCRA.pdf

* Status report for Component 3 - Second Advisory Board Meeting

http://www.resourcefever.org/publications/presentations/E-Waste%20Africa%20Project-Advisory_board_05_2010.pdf
