New presentations on the topic “mineral resources and metals” available

22nd of January 2014 by Stefanie Degreif

Our colleague Dr. Matthias Buchert talked at the „Critical Metals: Recycling & Recovery – A Way Forward” Conference in London about life cycle sustainability of silver, gold and PGMs. You can download the highly interesting presentation here:

http://www.resourcefever.org/publications/presentations/Buchert_London%2018%20march%202013.pdf

Further German presentations were held by Dr. Buchert on the 25. Aachener Kolloquium Abfallwirtschaft and on the Hamburg T.R.E.N.D. event.

Please find the very interesting presentation for Aachener Kolloquium her
